FUND DESCRIPTION

This is a diversified fund designed to deliver long term returns in excess of inflation whilst aiming to limit its exposure to the extreme downside which typically accompany bear markets. This is the default fund for anyone who does not make an investment choice. It invests in both indexed and active strategies through the investment strategies of the five available CIRT Funds - Bond Fund, Cash Fund, Equity Fund, Property Fund and Alternative Assets Fund. The asset mix is reviewed regularly and can be updated. This fund is suitable for investors who are seeking long term growth but appreciate the performance can experience material fluctuations as it is a medium to high risk fund.

Warning: If you invest in this product you may lose some or all of the money you invest.

ASSET ALLOCATION

SHARE REGIONAL DISTRIBUTION

BOND COUNTRY DISTRIBUTION

PROPERTY SECTOR DISTRIBUTION

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. External asset managers may change over time. Underlying funds or investments may be subject to incentive fees. Part of this fund may borrow to invest in property. Non euro currency exposures may be fully or partly hedged back to euro to reduce foreign currency risk. In certain circumstances we may need to delay switches, withdrawals or

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited. It is developed together with CIRT to meet the needs of a specific client risk profile.

Warning: This fund may be affected by changes in currency exchange rates.
